

ZERO KNOWS TRANSITAINERS™

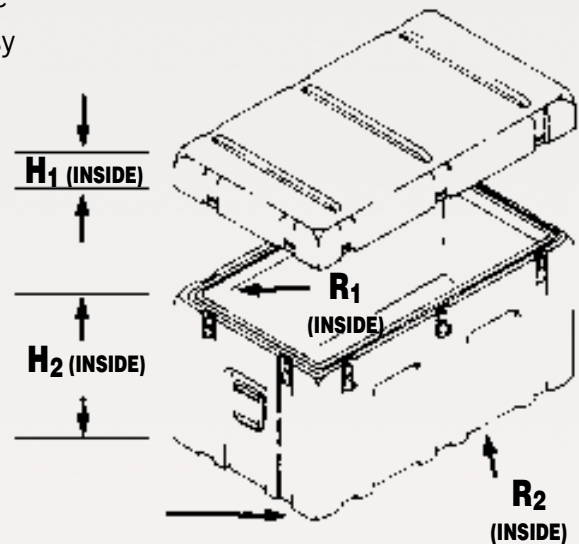

THE ZERO MANUFACTURING, INC. TRANSITAINER™ line represents the ultimate in total packaging capability at a very affordable price. Transitainers™ provide a highly reliable, cost effective alternative to other types of shipping/storage and transit cases. These cases are also available through our Quick-Ship Program.

Details available at www.zerocases.com/quickship

The Transitainer incorporates the total package at an affordable price and has outstanding durability and performance. With easy storage and transit with trouble free stacking, the Transitainer is perfect for shipment and storage of such items as:

- Field portable, sensitive electronic instruments
- Military applications, monitoring equipment
- Seismic, pollution control instrumentation
- Airport, flight guidance systems
- Telecommunications equipment
- Field communications systems
- Field computer systems
- Test equipment

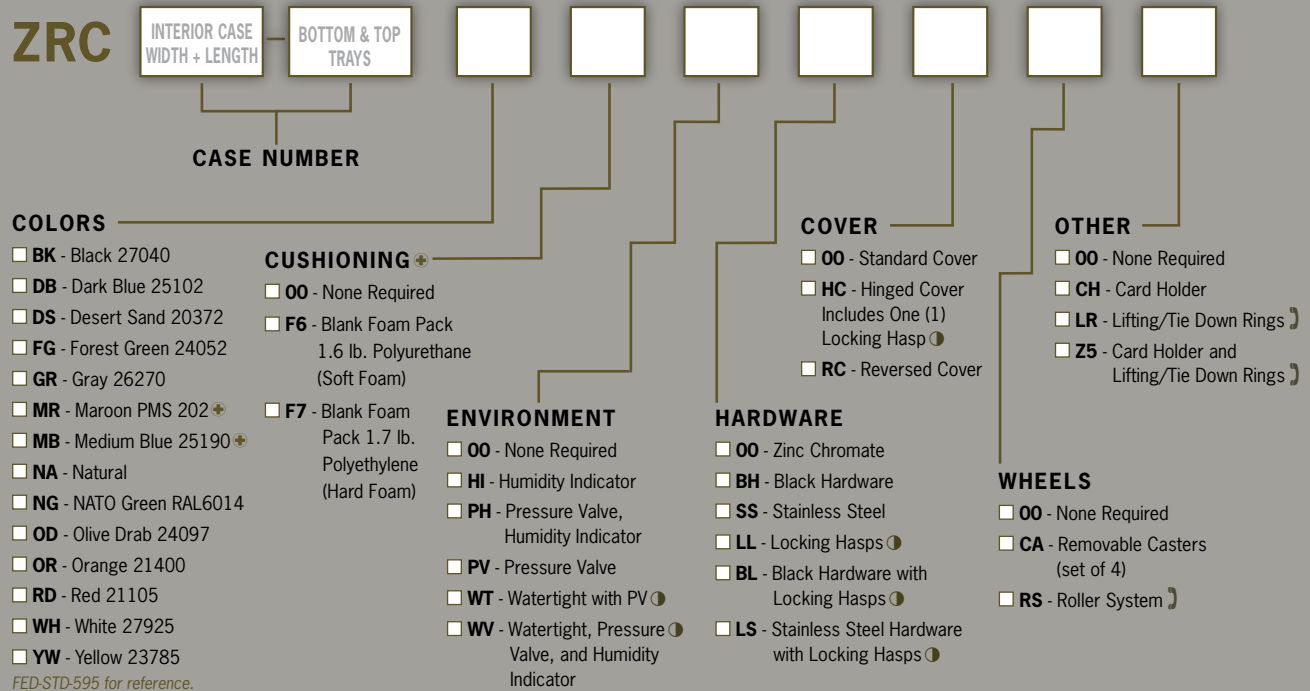

FEATURES

CASE FEATURES

- Made from rotationally molded polyethylene plastic
- Uniform wall thickness
- Compounded color impregnated directly into durable polyethylene plastic shells
- Nearly stress-free shells
- Integrally molded tongue and groove closure for a watertight seal
- Extra rugged corner construction
- Gasketed construction with integral tongue and groove closure interlocks top and bottom for environmental protection
- Recessed hardware for added protection
- Meets ATA 300 Category 1, and applicable portions of MIL-T-28800, MIL-C-4150 and MIL-STD-108 specifications
- Wide range of colors available using FED-STD-595 guidelines
- Spring loaded, rattle proof handles with 90° stops
- Cam action, positive locking latches
- Interlocking ribs, top and bottom allow for stacking of containers
- Resists most chemicals and solvents

Contact ZERO for design and engineering assistance to meet specific requirements and custom colors. Call 1.800.500.9376

Lifting Rings: Verify the application does not exceed the load carrying capacity of the lifting rings or case.

Stacking: Verify weight and support.

Roller System: Not available for all sizes.

Other Accessories and Custom Options: Keyboard tray, chair kit, table/chair kit, and more. Additional lead time may be required for some options.

NOTES:

⦿ Watertight not available with Locking Hasps or Roller System.

⊕ Not available for Quick-SHIP. Requires additional lead time.

HOW TO ORDER CASES:

Standard Cases:

1. Go to www.zerocases.com/contactSales.php to find your local distributor or reseller.
2. Call 800-959-5050 or email orders@zerocases.com to place and order directly with ZERO.

Customized Cases:

1. Go to www.zerocases.com/contactSales.php to find your local representative and request a quote or email your RFQ to quotes@zerocases.com.

Quick-SHIP Cases:

1. Go to www.zerocases.com/quickship to see options for low-quantity orders with lower lead times.

Call 800-959-5050 and Request Quick-SHIP Today!

■ Available with roller system, not available as a watertight container. ▲ Forkliftable. ▼ Not available with a hinged cover. ◆ MedChest Series offers Roller System and Watertight options; not available with Hinged or Reversed Cover. x Telescoping handle not available; extra ZSP3-304 handle supplied as a replacement. All weights are approximate. Custom sizes and colors are available on special orders. Additional lead time may be required for some options.

ZERO KNOWS

SHIPPING & TRANSIT CONTAINERS

ZERO'S EXTENSIVE KNOWLEDGE AND EXPERIENCE in engineering transit and storage technology makes us the indisputable leader in rugged plastic and metal cases. Our Transitainer™ line represents the ultimate in total packaging capability at a very affordable price while our Modular Containers are the ultimate in durable, reusable shipping and storage solutions.

TRANSITAINERS: Available in over 60 standard sizes and with a variety of options to meet all of your requirements, ZERO rotomolded Transitainer cases include outstanding performance and protection.

Key Features & Benefits:

- Uniform wall thickness for durability
- Interlocking ribs, top and bottom, allow for stacking
- Rotomolded cases resist most chemicals and solvents
- Integrally molded tongue-and-groove closure
- Recessed hardware for added protection
- Meets applicable portions of MIL-T-28800, MIL-STD-4150 and MIL-STD-810

VAL-AN CASES: Val-An means "Value Analyzed," demonstrating a commitment from ZERO to provide the desirable features of the Val-An Series in efficient, cost-effective cases. Val-An Series cases come in many standard sizes and configurations. They can also be customized to meet an even greater number of needs.

Case Features:

- 52 width and length combinations, and many depths from which to choose
- Water-tight construction meets MIL-STD-108
- Made from seamless, deep drawn aluminum shells
- Choice of closure type, panel flange, and/or inner lid, and finish

MODULAR CONTAINERS: Custom engineered cases to meet your exacting needs, Modular Containers are made from light-weight aluminum and make exceptional reusable shipping and storage containers. Your first cost is your last cost when you choose these rugged shipping and storage containers.

Key Features & Benefits:

- High Strength-to-Weight Ratio
- Construction flexibility and reusable
- Maximum shock isolation and environmental protection possible
- Easy, fast, economical accessorizing with standard options
- Virtually endless sizes available—Build to specification
- Meets applicable provisions of MIL-STD-108, MIL-STD-810, and MIL-T-28800
